

November News

From your Community Veterinary Clinic!!

"Where your best friends deserve our best care"

Senior Pet Health Month

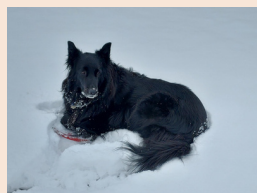

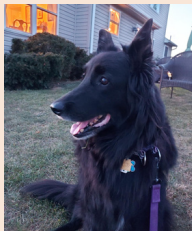

November is Senior Pet Health Awareness Month, a dedicated time to raise awareness about the challenges faced by aging pets and to celebrate the wisdom and grace that comes with their golden years. By prioritizing their health and well-being, we can ensure they enjoy their golden years with comfort and dignity.

Case of the Month Honey Wagner

Meet Honey!!! Honey is a 9 year old black shepherd mix, and she is as sweet as her name! In September, while Honey was here for one of her Hydrotherapy sessions, she asked Dr. Pomanti to look at a mass that just appeared on her side...

Happy Thanksgiving

Stuff your turkey, not your pet!! It can be tempting for you and your guests to sneak your pet a taste of the delicious meal, but common Thanksgiving dishes are full of ingredients that are toxic to dogs and cats, or can cause digestive upset.

November is for Giving Thanks!!

Practice Manager APPRECIATION

As we step into November, a month dedicated to gratitude, we would like to take the opportunity to express our heartfelt appreciation for someone who plays a crucial role here at Silver Maple; our Practice Manager, Jaime Vanek. This particular role in veterinary medicine empowers and supports the rest of the veterinary team. Jaime is the backbone of our team, tirelessly working behind the scenes to ensure everything runs smoothly. From managing operations to supporting our staff and patients, Jaime's dedication and leadership are truly inspiring. While Veterinarians and Technicians are recognized for their heroic work in patient care, Practice Managers play an equally vital role in creating a supportive environment in which we can all thrive. Jaime's compassionate and empathetic nature in are invaluable, not only in leading her team, but also in providing excellent care for clients and pets.
